# Применение интерактивных ресурсов Plickers и Kahoot! для повышения мотивации обучающихся на этапе совершенствования лексико- грамматических навыков

Опытom делится: Марковенко Екатерина  
Андреевна, учитель английского языка

Сургут, 2020

# Использование Plickers и Kahoot! – это:

- успешная интеграция ИКТ в учебный процесс;
- интересные и запоминающиеся очные уроки;
- идеи интерактивных онлайн-уроков и «нескучных» проверок учебного материала;
- чувство гордости за собственные уроки и благодарность со стороны детей.

# Plickers:

- Удобное приложение для молниеносной оценки знаний учеников прямо на уроке.
- Необходимы: распечатанные листочки для каждого ученика в классе и свой телефон или планшет (ученикам он не нужен).
